

Technical Data Sheet

Shrinky Film Clear

A clear shrinkable film for imaging by ink jet process, providing a colored image on a clear background. Film is designed as a “universal” product for use in all ink jet printers.

Print special effect panels, decorations, ornaments, tags, labels, jewelry, and plaques using your Web-downloaded, scanned, floppy/CD, or digital images.

- Catalog number 358.00
- Clear film lets you create colorful decorations to hang or place on display
- Durable 10-mil film becomes thicker after heating
- Can be hole-punched prior to heating to make opening for ornamental hanging

Construction

An ink jet receptive coating on one side of a 280 grams/meter² 10.0-mil (254 μ) optically clear polystyrene base film.

Smoothness, Sheffield

300 \pm 60 per TAPPI T538 Test Method.

Haze %

7 maximum per ASTM D1003 Test Method.

Total Thickness

11 \pm 1 mills per ASTM D654 Test Method.

Art Material Certification

Conforms to ASTM Practice D4236.

Optimal Service Environment

Between 15° and 30° C. and 30% to 70% RH.

Print Resolution

Dependent upon printer used.

Ideal Storage Conditions

Between 15° and 25° C. and 30% to 70% RH.

Shelf Life

Minimum of 2 years from 123 Graphic Products ship date when stored under ideal storage conditions (see above).

Product Performance and Suitability

All of the descriptive information and recommendations for the use of 123 Graphic Products LLC products should be used only as a guide. Furnishing such information and recommendations shall in no event constitute a warranty of any kind by 123 Graphic Products LLC. All purchasers of 123 Graphic Products LLC material shall independently determine suitability of the material for the purpose for which it is purchased. Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Neither the seller nor the manufacturer shall be liable in tort or in contract for any loss or damage, direct, incidental or consequential (including loss of profits or revenue) arising out of the use or inability to use the product. No statement or recommendation not contained herein shall have any force or effect unless in agreement signed by officers of seller or manufacturer. For optimal image characteristics, product should be kept in closed package between uses. Adult supervision is recommended. Excessive heating may cause harmful fumes or fire. Use in a well-ventilated area; do not overheat. Manufactured under United States Patent 6,180,256 B1.
